ALLEN&HEATH

AH-M0264

Assembly data	
Production line	iLiveSeries
Product	ilive SBC Fujitsu 004-111
Assembly stage	Programming
Issue Date	22/07/11

1 Unpack the Fujitsu SBC (AE8214) from the bag and keep the bag for later

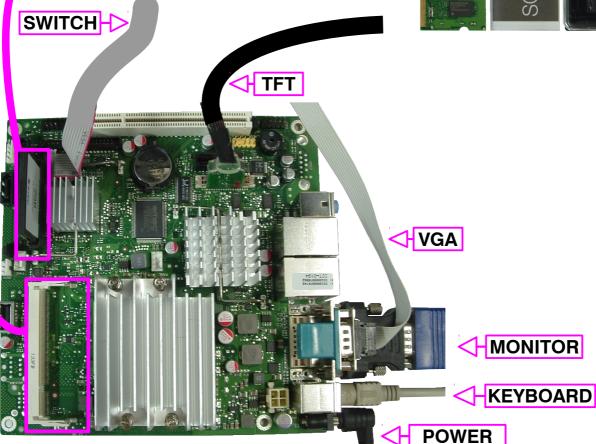

2 Fit the RAM(AE8229) into the SBC

3 Get and fit a programmed Flash card (with the Fujitsu sticker) in to the SB

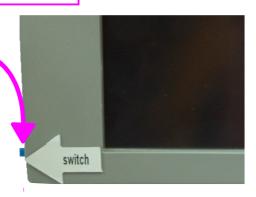

- 4 Plug up the SBC as shown in the picture below
- 5 Ensure that the power supply is on
- 6 Press the start-up switch on the little screen as shown and the SBC should start to boot. You should hear a beep.
- 7 Quickly after you have powered up the SBC hold down F2 to enter the BIOS Setup
